1.2.2 Submission of Application for Accreditation (1st month)

An architecture program seeking accreditation submits its application for accreditation to the KAAB according to the procedures stipulated in 4.1.3 Accreditation Procedure of the KAAB Conditions and Procedures.

1.2.3 Acceptance of Application for Accreditation and Visit Team Organization (2nd thru 6th month)

The KAAB reviews the application for completeness before it accepts the application. Upon acceptance of the application, the program prepares an Architectural Program Report (APR) while the Accreditation Task Force Committee of the KAAB initiates the organization of a site visit team. The visiting team, composed of five (5) members including a team chair, determines a site visit schedule with input from the program. The Accreditation Task Force Committee of the KAAB informs the site visit team members of their responsibilities and obligations.

1.2.4 Submission of the Architecture Program Report (APR) (7th month)

The program submits its APR containing relevant information and data required for accreditation. Architectural Program Report of the KAAB Conditions and Procedures in Chapter 3 describes the items to be included in an APR in detail.

After reviewing the APR, the visiting team may request additional information from the program if necessary. Upon approval of the APR by the visiting team, the Accreditation Task Force Committee of the KAAB initiates the preparation for the visit process.

1.2.6 Site Visit of the Program (between 12th thru 14th month)

Upon determination of a site visit schedule, the program prepares the necessary materials and facilities required for the site visit. (Refer to section 4.3 Visiting Team for materials and facilities required by the visiting team.) The visiting team proceeds with the site visit according to the predetermined schedule.

1.2.7 Submission of the Visiting Team Report (VTR)

The visiting team and the program discuss any revisions and/or corrections on the draft VTR resulting from the initial review. All team members must agree on the final version of the VTR. The visiting team chair submits the finalized VTR and the Recommendation of Accreditation to the KAAB and recommends the terms and conditions of accreditation. The Recommendation of Accreditation must be confidential.

1.2.8 Site Visit Evaluation

Upon conclusion of a site visit, the visited program prepares and submits an Evaluation of the Site Visit to assess whether the visit was conducted appropriately and with due process.
